Culinaire

Technical Data Sheet

CH.HC.I.3

Horizontal Hot Cupboard

Heated

Island

Product Information:

- Comes complete with stainless steel timber backed island bench top fitted to the **CH.HCP.U**
- Stainless steel work shelf fitted to fold down brackets can be added as an optional extra at the time of ordering. This item is factory fitted at the time of manufacture
- Designed to heat plates and serving dishes, capable of holding plated meals and bulk foods
- Adjustable digital temperature controller allows food to be held between +65°C to +90°C (food must be heated above 65°C before being placed in the hot cupboard)
- Hot cupboard features a fan forced heating system which offers energy efficiency, faster heat up times and even heat distribution
- Top mounted easy glide doors to both sides that do not sit in a bottom track, eliminates dirt trap
- Double skinned air insulated on all sides to minimise heat to external panels
- Robust construction from 304 grade stainless steel with a No.4 finish
- Supplied with 1 chrome plated steel wire shelf per door
