Technical Data Sheet

CH.BM.D.GA.3

Bain Marie

Heated

Drop-in with A-Frame Gantry & Heat Lamps

Product Information:

- Unit comes complete with **CH.BM.U** bain marie plus drop-in bench top and A-frame heated gantry fully fitted and wired. Gantry is welded to bench top
- Adjustable digital temperature controller allows food to be held between +65°C to +90°C (food must be heated above 65°C before being placed in the bain marie)
- Wet or dry operation (temperature varies greatly when run dry, should not be left unattended for long periods of time)
- Suits gastronorm pans up to 150mm deep (sold separately)
- This display is designed to be installed into a cut out in a new or existing bench top which allows for simple, inexpensive installation
- Gantry constructed from 304 grade stainless steel with a No.4 finish and 6mm toughened glass ends
- Overhead Quartz IR heat lamps provide heat and illumination to the product below
- Individual On/Off switches to operate bain marie and overhead gantry heat lamps
- Overhead heat lamps are fully adjustable via a solid-state voltage controller for accurate temperature selection
- Front glass, sliding doors and sneeze guards can be either added as optional extras at the time of order and fitted in factory or ordered at a separate date for easy fitting by customer
