Culinaire

Technical Data Sheet

CR.WDW.V.FG.RB.2

Wine Refrigerators Refrigerated

White Wine

Product Information:

- Keeps contents at a cool +7ºC in 32ºC ambient temperature
- Air blown from rear to front over a full length cross fin coil to ensure maximum recovery and even temperature in the busiest environments
- Ensures maximum product visibility with interior vertical L.E.D. lighting
- Frameless low energy double glazed, heated and toughened glass doors are self-closing and self-sealing to ensure ease of operation & improved efficiency, as standard
- All doors are left hand hinged with hold open stays, as standard. Contact your local sales rep for other door configurations
- Serviceable heater wire in cabinet fascia to prevent condensation
- The refrigerator is plinth mounted as standard. 150mm equipment legs available as an optional extra, must be specified at the time of ordering
- Supplied with 6 adjustable shelves per door
- Available in 2-4 doors
- Supplied with a control box for connection to a remote condenser unit to be supplied separately and connected by a qualified refrigeration contractor and electrician
- All services are at the right hand end of the refrigerator as standard. Can be ordered as left hand by adding"L" to code (refer left hand services)
- Condensate is to be plumbed to waste

Self Contained Refrigerators (contact your Stoddart representative)

- Self contained refrigerators are available in 2 & 3 doors
- Available in either top mounted or bottom mounted unit compartments
- Condensate is to be plumbed to waste
